

OPaL Wins the GreenTech Award for its Outstanding Safety Performance during 2017-18

Green Tech Safety Award is one of the most admired national level Safety awards being given to Industries every year for exemplary initiatives providing comprehensive look at the most exceptional examples and achievements for reducing incidents & accidents at workplaces.

This was the 17th Green Tech Safety award at pan India level. in which OPaL had participated along with other leading corporates.

OPaL has been conferred the Green Tech Safety Award in Platinum Category, which is the highest award in its class for noteworthy safety performance during 2017-18 and commissioning of the Mega Petrochemical Complex without any major setback or incident.

The award was presented to OPaL on 16.11.2018 through an alluring function at Guwahati in presence of many Industry delegates and High rank Govt officials. Sh. Raj Nath Tripathi (GM-Polymer), Jay Pandya (Manager- HSE), Himanil Desai (Executive- HSE) attended the function to receive the award on behalf of OPaL.

The award once again depicts OPaL's highest level of commitment towards promoting the best in class safety at workplaces.
