

## **OPaL achieves a sales turnover of Rs. 10,000 crore and 1000KT (1 Million MT) Polymer Production in FY 2018-19**

OPaL has achieved yet another milestone. In FY 2018-19 of March, OPaL surpassed the sales turnover of Rs. 10,000 crore and exceeded 1000 KT (1 Million MT) polymer production. The occasion was celebrated enthusiastically by the OPaLians in the presence of top management. Shri Manoj Srivastava, MD & President, OPaL praised the efforts of all the teams involved in achieving the landmark sales turnover and production. He said, “exceeding 1 Million Tonne of polymer production and surpassing 10,000 crore sales turnover in the same year (FY 18-19) is a phenomenal achievement”. He appealed all teams to keep the momentum going as to get more occasions to celebrate the success of OPaL. In a short speech, Shri Makarand Dixit attributed the success to all the stakeholders along with his core team.

OPaL kicked off its operations in March 2017 with the vision of becoming a dominant name in the petrochemicals sector. The growth targets set were high and ambitious but not unachievable. The challenge was taken head-on by OPaL's inspired leadership and committed workforce. Thanks to their commitment, a major sales target has been secured.
