

OPaL spreads its Footprints to Pakistan

One of the prominent Channel Partners of OPaL, Rakha Al Khaleej International LLC had participated as an exhibitor in PAKPLAS 2018 which was held at Lahore, Pakistan from 16th-18th March, 2018. OPaL's polymer products received an overwhelming response from Pakistani plastic fraternity. OPaL strives to spread its firm footprints across the globe. It may be noted that Opalene brand has presence in twenty six countries across the globe. Channel partners play crucial role in establishing OPaL's polymer products in overseas markets. Through such events and exhibitions, OPaL gets the opportunity to build a robust brand image in the international polymer and plastic market. PAKPLAS 2018 was an excellent platform for OPaL to showcase and establish new business opportunities in Pakistan. Pakistan imports 100% of its requirement of PP, HDPE & LLDPE.

PAKPLAS 2018 is the leading international trade fair dedicated towards plastic machinery, components, raw materials and chemicals. The fair presents products and services, technologies, innovations, future trends and markets for trade. It is very well attended by global suppliers, customers, traders, Govt. officials and machinery manufacturers. This event allowed visitors from all over the world to witness the high growth rate in the plastics industry in Pakistan.

Glimpses of Pakplas
