

OPaL Bags the Greentech Safety Award 2018

OPaL was the proud winner of the Greentech Safety Award (Platinum Category), the highest award in its class. The award was presented on Friday, 16th November in Guwahati in a grand event. The award was conferred on OPaL for its splendid safety performance during 2017-18. During this period, OPaL accomplished milestones like commissioning of the Mega Petrochemical Complex. The entire commissioning process was carried out without any major setbacks or untoward incident.

The award was presented to OPaL in the presence of many industry counterparts and high ranking Government officials. Shri Raj Nath Tripathi, GM-Polymer, OPaL, Jay Pandya, Manager- HSE, OPaL, Himanil Desai, Executive- HSE, OPaL, were part of the delegation which was present at the venue to receive the award.

OPaL is committed towards the safety of its employees and building safe and eco-friendly workplaces. The Green Tech award stands as a testament to OPaL's sincere efforts towards promoting and implementing the best in class safety practices at workplaces.

Greentech Safety Award is one of the esteemed national level Safety awards. It is given every year to industries for carrying out exemplary safety initiatives and achievements for reducing incidents & accidents at workplaces. This year was the 17th year of Green Tech Safety award on pan India level. OPaL was one of the participants along with other leading corporations.
